## PROFESSIONAL PROFILE

Academic and technical professional with an academic background in Agricultural Engineering & Technology, with specialization in Irrigation & Water Management. Interested in education, agricultural engineering, technical problem solving, research, data analysis, GIS, hydrology and computational applications..

## EDUCATIONAL QUALIFICATION

| Qualification                                  | Institution                                    | Discipline / Group            | Result / Year          |
|------------------------------------------------|------------------------------------------------|-------------------------------|------------------------|
| B.Sc. in Agricultural Engineering & Technology | Bangladesh Agricultural University             | Irrigation & Water Management | CGPA: N/A<br>Year: N/A |
| Higher Secondary Certificate (HSC)             | Cantonment Public School & College, Momenshahi | Science                       | GPA: 5.00<br>2019      |
| Secondary School Certificate (SSC)             | Premier Ideal High School, Mymensingh          | Science                       | GPA: 5.00<br>2017      |

## PROFESSIONAL EXPERIENCE

Teaching in Online,Offline Platform

.

## CORE SKILLS

Technical

- HTML5
- CSS3
- JavaScript
- Python
- Git & GitHub
- Data Analysis
- GIS
- MS Office
- MS Excel
- MS Powerpoint
- MS Access
- R      •AutoCAD
- Adobe Photoshop
- Adobe Illustrator

Academic / Professional

- Teaching
- Academic Content Development
- Research
- Problem Solving
- Technical Documentation
- Presentation
- Project Management

Soft Skills

- Communication
- Leadership
- Teamwork
- Time Management
- Critical Thinking
- Adaptability

## RESEARCH INTERESTS & ACADEMIC AREAS

---

- Agricultural Engineering
- Agricultural Mechanization
- GIS & Remote Sensing
- Hydrology & Water Resources
- Soil & Water Conservation
- Renewable Energy
- Engineering Analysis
- Data Analysis
- Programming & Computational Applications

## PROJECTS

---

### Academic / Engineering Projects

Add project title, objective, methodology, tools/software used, role and key outcome.

### Technical / Programming Projects

Add project title, technologies used, GitHub repository and live demonstration link, if available.

## CERTIFICATIONS & TRAINING

---

- Agricultural Extension Training Program

## ACHIEVEMENTS, ACTIVITIES & PUBLICATIONS

---

- Academic Excellence Achievement
- Best Presentation Award

## CAREER OBJECTIVE

---

To build a meaningful professional career where academic knowledge, engineering skills, teaching ability, research interests and technical competencies can be applied to practical challenges while contributing to organizational and societal development.
